# About This Guide

## Trusted by Californians for over 25 years.

When we started CaliforniaChoice® in 1996, the idea of offering a program that provided small businesses and their employees access to multiple health insurance carriers and benefits was truly revolutionary. Today, we're pleased to offer seven health plans and over 110 HMO, PPO and HSA plan design options.

## Greater access to doctors, specialists, and hospitals

CaliforniaChoice offers health plans in all of the Affordable Care Act's (ACA) four metal tiers: Bronze, Silver, Gold, and Platinum. Each tier offers a different percentage of shared health care costs for the employee, ranging from 10% to 40% (with the health plan paying the other 90% to 60%), as shown to the right. This can significantly increase the number of plans, doctors, and specialists available to your employees.

## Here is how insurance metal tiers work

### METAL TIERS: (% Paid by Health Plan / Employee)

PLATINUM	90%	10%
GOLD	80%	20%
SILVER	70%	30%
BRONZE	60%	40%

Please keep in mind that some plans may pay a different percentage of health care costs than what is shown above for each tier; refer to each plan's summary of benefits for specific covered percentage details.

## 1. Choose Your Metal Tier(s)

Choose **Total Choice** (four tiers), or choose **Triple, Double**, or **Single Choice**

### TOTAL CHOICE

Offers employees access to health plans and benefits available in all four tiers.

### TRIPLE CHOICE

Offers employees access to the health plans and benefits available in three neighboring tiers.

### DOUBLE CHOICE

Offers employees access to the health plans and benefits available in two neighboring tiers.

### SINGLE CHOICE

Offers employees access to the health plans and benefits available in a single tier.

## 2. Define Your Monthly Contribution

Your broker will share plan premium information with you. Select your preferred plan and whether you want to pay a **Fixed Percentage** of costs (select from 50% to 100%) or a **Fixed Dollar Amount** toward that plan.

## 3. Employees Select Their Benefits

After you select your metal tier(s) and define your contribution, each employee is provided with a personalized worksheet that spells out all options available, and the specific costs involved. Your employees also have access to other tools at calchoice.com that make it easy to determine which plans best meet their needs.

*On the following pages you'll find a summary of the benefits offered in each tier level. For more information, please contact your broker or visit [calchoice.com](http://calchoice.com).*

<sup>†</sup> HSA Qualified High Deductible Plan

\* All services are subject to the deductible unless otherwise stated.

1. See plan specific EOC for information on preventive services.

2. For members who are not part of a family plan, once the member meets the "single" deductible, if applicable, the member is responsible for the specific cost sharing until the "single" OOPM is met. Once the "single" OOPM is met, Sutter Health Plan pays all costs for covered services. For members who are part of a family plan, once an individual member of the family meets the "individual family member" deductible, if applicable, only the individual member is responsible for the specific cost sharing until either that member meets the "individual family member" OOPM, or until the family as a whole meets the "family" OOPM, whichever comes first. Once the family as a whole meets the "family" deductible, if applicable, all members of the family are responsible for the specific cost sharing, regardless of whether each family member met their "individual family member" deductible, until either an individual member meets the "individual family member" OOPM, or until the family as a whole meets the "family" OOPM, whichever comes first. Once an individual member of the family meets the "individual family member" OOPM, Sutter Health Plan pays all costs for covered services only for that individual member. Once the family as a whole meets the "family" OOPM, Sutter Health Plan pays all costs for covered services for all family members, regardless of whether each family member met their "individual family member" OOPM. For high-deductible health plans (HDHPs), in a "family" plan, an "individual family member" deductible must be the higher of the specified "single" deductible amount or the Internal Revenue Service (IRS) minimum of \$3,300 for 2025 plans.

3. Inpatient MH/SUD services include, but are not limited to: inpatient psychiatric hospitalization; inpatient chemical dependency hospitalization, including detoxification; mental health psychiatric observation; mental health residential treatment; substance use disorder treatment for withdrawal; inpatient behavioral health treatment for autism spectrum disorder.

4. Individual with self-only coverage amount / Individual with family coverage amount / Family coverage amount.

5. Maximum member responsibility.

6. Member cost sharing payments for all essential health benefits (EHBs) accumulate toward the OOPM. This includes cost sharing that accumulates toward an applicable deductible. This does not include cost sharing for most optional benefits.

7. Cost sharing also applies to other practitioner office visits. These include therapy visits, and other office visits not provided by either primary care physicians or specialists, or visits not specified in another benefit category such as Sutter Walk-in Care visits.

8. Cost sharing applies per prescription for up to a 30-day supply of prescribed and medically necessary generic or brand-name drugs in accordance with formulary guidelines. Except for specialty drugs, up to a 100-day supply is available, at twice the 30-day retail copayment price, through the mail-order pharmacy. Specialty drugs are available for up to a 30-day supply through the specialty pharmacy. Cost sharing for a 12-month supply of FDA-approved, self-administered hormonal contraceptives, when applicable, will be up to four times the retail cost share. Member cost sharing for oral anti-cancer drugs shall not exceed \$250 per prescription for up to a 30-day supply. For HDHP plans, this \$250 maximum will not apply until after the deductible is met.

9. Cost share for telehealth is the same as the in-person visit, please refer to the specific in-person service amount.

10. Pediatric eye exam and glasses or contact lenses are provided annually for members under age 19 as part of the essential health benefit for pediatric vision.

11. A complete pair of glasses or standard contact lenses, in lieu of glasses, are covered every calendar year.

- When an individual member of a family unit has paid an amount of Deductible and Copayments for the Calendar Year equal to the Individual Out-of-Pocket Maximum, no further Copayments will be due for Covered Services for the remainder of that Calendar Year. The remaining family members will continue to pay the applicable Copayment until the member satisfies the Individual Out-of-Pocket Maximum or until the family, as a whole, meets the Family Out-of-Pocket Maximum.

- No change to how Specialty Drugs in Tier 4 are filled today.
- Maximum member responsibility.
- See plan specific EOC for information on preventive services.
- In instances where the contracted rate is less than your copayment, you will pay only the contracted rate.
- The Family Deductible is an embedded deductible. When an individual member of a family unit satisfies the Individual Deductible for the Calendar Year, no further Deductible will be required for that individual member for the remainder of the Calendar Year. The remaining family members will continue to pay full member charges for services that are subject to the deductible until the member satisfies the Individual Deductible or until the family, as a whole, meets the Family Deductible.

\* All services are subject to the deductible unless otherwise stated.

1. Medical or prescription services may be subject to a deductible. The member must pay for these services when services are rendered until the deductible is met in that calendar year. Charges under the deductible are based on WHA's contracted rates with the provider of service.
2. The annual out-of-pocket maximum is the total amount that the member must pay for certain services in a calendar year.
3. The deductible and annual out-of-pocket maximum amounts are embedded, i.e. each member in the family must meet the individual amount or the family must meet the family amount before benefits will apply for that member.
4. Cost share amount varies based on type of services rendered.
5. Percentage copayment amounts are based on WHA's contracted rates with the provider of service or medication.

7. There may be an office visit copay if the primary purpose of a visit is not preventive or other services are provided.

8. Copayments do not contribute to out-of-pocket maximum.
9. See copayment summary for applicable prosthetic/orthotic device copayment amount.

- For members who are not part of a family plan, once the member meets the "single" deductible, if applicable, the member is responsible for the specific cost sharing until the "single" OOPM is met. Once the "single" OOPM is met, Sutter Health Plan pays all costs for covered services. For members who are part of a family plan, once an individual member of the family meets the "individual family member" deductible, if applicable, only the individual member is responsible for the specific cost sharing until either that member meets the "individual family member" OOPM, or until the family as a whole meets the "family" OOPM, whichever comes first. Once the family as a whole meets the "family" deductible, if applicable, all members of the family are responsible for the specific cost sharing, regardless of whether each family member met their "individual family member" deductible, until either an individual member meets the "individual family member" OOPM, or until the family as a whole meets the "family" OOPM, whichever comes first. Once an individual member of the family meets the "individual family member" OOPM, Sutter Health Plan pays all costs for covered services only for that individual member. Once the family as a whole meets the "family" OOPM, Sutter Health Plan pays all costs for covered services for all family members,

regardless of whether each family member met their "individual family member" OOPM. For high-deductible health plans (HDHPs), in a "family" plan, an "individual family member" deductible must be the higher of the specified "single" deductible amount or the Internal Revenue Service (IRS) minimum of \$3,300 for 2025 plans.

- Cost sharing also applies to other practitioner office visits. These include therapy visits, and other office visits not provided by either primary care physicians or specialists, or visits not specified in another benefit category such as Sutter Walk-in Care visits.
- Member cost sharing payments for all essential health benefits (EHBs) accumulate toward the OOPM. This includes cost sharing that accumulates toward an applicable deductible. This does not include cost sharing for most optional benefits.
- Individual with self-only coverage amount / Individual with family coverage amount / Family coverage amount.
- Cost sharing applies per prescription for up to a 30-day supply of prescribed and medically necessary generic or brand-name drugs in accordance with formulary guidelines. Except for specialty drugs, up to a 100-day supply is available, at twice the 30-day retail copayment price, through the mail-order pharmacy. Specialty drugs are available for up to a 30-day supply through the specialty pharmacy. Cost sharing for a 12-month supply of FDA-approved, self-administered hormonal contraceptives, when applicable, will be up to four times the retail cost share. Member cost sharing for oral anti-cancer drugs shall not exceed \$250 per prescription for up to a 30-day supply. For HDHP plans, this \$250 maximum will not apply until after the deductible is met.

<sup>†</sup> HSA Qualified High Deductible Plan

\* All services are subject to the deductible unless otherwise stated.

- See plan specific EOC for information on preventive services.
- In instances where the contracted rate is less than your copayment, you will pay only the contracted rate.
- Maximum member responsibility.
- No change to how Specialty Drugs in Tier 4 are filled today.
- The Family Deductible is an embedded deductible. When an individual member of a family unit satisfies the Individual Deductible for the Calendar Year, no further Deductible will be required for that individual member for the remainder of the Calendar Year. The remaining family members will continue to pay full member charges for services that are subject to the deductible until the member satisfies the Individual Deductible or until the family, as a whole, meets the Family Deductible.
- When an individual member of a family unit has paid an amount of Deductible and Copayments for the Calendar Year equal to the Individual Out-of-Pocket Maximum, no further Copayments will be due for Covered Services for the remainder of that Calendar Year. The remaining family members will continue to pay the applicable Copayment until the member satisfies the Individual Out-of-Pocket Maximum or until the family, as a whole, meets the Family Out-of-Pocket Maximum.
- Specialty medication is tiered based on their cost efficiency and effectiveness. To see if there is a Specialty equivalent medication in this tier, please visit <https://www.uhc.com/member-resources/pharmacy-benefits/prescription-drug-lists>.

- Cost sharing also applies to other practitioner office visits. These include therapy visits, and other office visits not provided by either primary care physicians or specialists, or visits not specified in another benefit category such as Sutter Walk-in Care visits.
- Member cost sharing payments for all essential health benefits (EHBs) accumulate toward the OOPM. This includes cost sharing that accumulates toward an applicable deductible. This does not include cost sharing for most optional benefits.
- Individual with self-only coverage amount / Individual with family coverage amount / Family coverage amount.
- Cost sharing applies per prescription for up to a 30-day supply of prescribed and medically necessary generic or brand-name drugs in accordance with formulary guidelines. Except for specialty drugs, up to a 100-day supply is available, at twice the 30-day retail copayment price, through the mail-order pharmacy. Specialty drugs are available for up to a 30-day supply through the specialty pharmacy. Cost sharing for a 12-month supply of FDA-approved, self-administered hormonal contraceptives, when applicable, will be up to four times the retail cost share. Member cost sharing for oral anti-cancer drugs shall not exceed \$250 per prescription for up to a 30-day supply. For HDHP plans, this \$250 maximum will not apply until after the deductible is met.

† HSA Qualified High Deductible Plan

- In a family plan, each individual in the family must meet the Individual Deductible, until the Family Deductible is met. The Out-of-Pocket Maximum includes the deductible, copayments, and coinsurance. In an individual plan, the Member is responsible for all applicable deductibles, copayments, and coinsurance up to the Self-Only Out-of-Pocket Maximum. In a family plan, the Member is responsible for all deductibles, copayments, and coinsurance up to the Individual Out-of-Pocket Maximum, until the combined deductibles, copayments and coinsurance equal the Family Out-of-Pocket Maximum. When the family's combined deductibles, copayments and coinsurance equal the Family Out-of-Pocket Maximum, all family members have met the Out-of-Pocket Maximum.
- Under a family contract, an insured can satisfy their individual out-of-pocket maximum; however, an insured may not contribute an amount greater than the individual maximum copayment limit toward the family maximum.
- Refers to procedure code D0999
- See plan specific EOC for information on preventive services.
- Copayment/Coinsurance waived if seen by a nurse or in an out-patient setting.
- Maximum member responsibility.
- DHMO Basic Services copayments vary by procedure within this category. Using a statistically significant set of claims data, the plan's average copay charged for procedures in this category cannot exceed the stated amount.
- DHMO Major Services copayments vary by procedure within this category. Using a statistically significant set of claims data, the plan's average copay charged for procedures in this category cannot exceed the stated amount.

<sup>†</sup> HSA Qualified High Deductible Plan

\* All services are subject to the deductible unless otherwise stated.

- For members who are not part of a family plan, once the member meets the "single" deductible, if applicable, the member is responsible for the specific cost sharing until the "single" OOPM is met. Once the "single" OOPM is met, Sutter Health Plan pays all costs for covered services. For members who are part of a family plan, once an individual member of the family meets the "individual family member" deductible, if applicable, only the individual member is responsible for the specific cost sharing until either that member meets the "individual family member" OOPM, or until the family as a whole meets the "family" OOPM, whichever comes first. Once the family as a whole meets the "family" deductible, if applicable, all members of the family are responsible for the specific cost sharing, regardless of whether each family member met their "individual family member" deductible, until either an individual member meets the "individual family member" OOPM, or until the family as a whole meets the "family" OOPM, whichever comes first. Once an individual member of the family meets the "individual family member" OOPM, Sutter Health Plan pays all costs for covered services only for that individual member. Once the family as a whole meets the "family" OOPM, Sutter Health Plan pays all costs for covered services for all family members, regardless of whether each family member met their "individual family member" OOPM. For high-deductible health plans (HDHPs), in a "family" plan, an "individual family member" deductible must be the higher of the specified "single" deductible amount or the Internal Revenue Service (IRS) minimum of \$3,300 for 2025 plans.
- Member cost sharing payments for all essential health benefits (EHBs) accumulate toward the OOPM. This includes cost sharing that accumulates toward an applicable deductible. This does not include cost sharing for most optional benefits.

- Cost sharing applies per prescription for up to a 30-day supply of prescribed and medically necessary generic or brand-name drugs in accordance with formulary guidelines. Except for specialty drugs, up to a 100-day supply is available, at twice the 30-day retail copayment price, through the mail-order pharmacy. Specialty drugs are available for up to a 30-day supply through the specialty pharmacy. Cost sharing for a 12-month supply of FDA-approved, self-administered hormonal contraceptives, when applicable, will be up to four times the retail cost share. Member cost sharing for oral anti-cancer drugs shall not exceed \$250 per prescription for up to a 30-day supply. For HDHP plans, this \$250 maximum will not apply until after the deductible is met.
- Cost share for telehealth is the same as the in-person visit, please refer to the specific in-person service amount.
- See plan specific EOC for information on preventive services.
- Pediatric eye exam and glasses or contact lenses are provided annually for members under age 19 as part of the essential health benefit for pediatric vision.
- A complete pair of glasses or standard contact lenses, in lieu of glasses, are covered every calendar year.
- When outpatient benefits have cost sharing that includes "deductible waived for 1st 3 non-preventive visits", the deductible is waived for the first three non-preventive visits combined.

† HSA Qualified High Deductible Plan

\* All services are subject to the deductible unless otherwise stated.

1. Medical or prescription services may be subject to a deductible. The member must pay for these services when services are rendered until the deductible is met in that calendar year. Charges under the deductible are based on WHA's contracted rates with the provider of service.
2. The annual out-of-pocket maximum is the total amount the member must pay for certain services in a calendar year.
3. There may be an office visit copay if the primary purpose of a visit is not preventive or other services are provided.
4. Percentage copayment amounts are based on WHA's contracted rates with the provider of service or medication.
5. See copayment summary for applicable prosthetic/orthotic device copayment amount.
6. See plan specific EOC for information on preventive services.
7. The deductible and annual out-of-pocket maximum amounts are embedded, i.e. each member in the family must meet the individual amount or the family must meet the family amount before benefits will apply for that member.

8. Maximum member responsibility.

9. The deductible is waived for first three combined visits for non-preventive specialty care visits.
10. Limited to one pair of glasses with standard lenses and provider designated frames or one pair of conventional, six months supply of monthly or 2-week disposable, or 3 months supply of daily disposable contact lenses instead of glasses.
11. If a Tier 1 medication is available but the member elects to receive a medication from Tier 2, 3 or 4 without medical indication from the Prescribing Provider, the member will be responsible for the applicable Tier 2-4 copayment plus the difference in cost between the Tier 1 medication and the purchased medication. The amount paid for the difference in cost does not apply to the deductible (when applicable) or contribute to the out-of-pocket maximum.
12. Copayments do not contribute to out-of-pocket maximum.
13. Cost share amount varies based on type of services rendered.

- 12. For members who are not part of a family plan, once the member meets the "single" deductible, if applicable, the member is responsible for the specific cost sharing until the "single" OOPM is met. Once the "single" OOPM is met, Sutter Health Plan pays all costs for covered services. For members who are part of a family plan, once an individual member of the family meets the "individual family member" deductible, if applicable, only the individual member is responsible for the specific cost sharing until either that member meets the "individual family member" OOPM, or until the family as a whole meets the "family" OOPM, whichever comes first. Once the family as a whole meets the "family" deductible, if applicable, all members of the family are responsible for the specific cost sharing, regardless of whether each family member met their "individual family member" deductible, until either an individual member meets the "individual family member" OOPM, or until the family as a whole meets the "family" OOPM, whichever comes first. Once an individual member of the family meets the "individual family member" OOPM, Sutter Health Plan pays all costs for covered services only for that individual member. Once the family as a whole meets the "family" OOPM, Sutter Health Plan pays all costs for covered services for all family members, regardless of whether each family member met their "individual family member" OOPM. 9. Cost sharing also applies to other practitioner office visits. These include therapy visits, and other office visits not provided by either primary care physicians or specialists, or visits not specified in another benefit category such as Sutter Walk-in Care visits.
10. In a high deductible health plan (HDHP), your Deductible and Out-of-Pocket Maximum work differently. In a Self-Only coverage plan, you must meet the Self-Only Deductible and the Self-Only Out-of-Pocket Maximum. Once you meet the Self-Only Deductible, Sharp Health Plan will pay for your services. The Self-Only Out-of-Pocket Maximum includes the deductible, copayments, and coinsurance. In a Family plan, each individual in the family must meet the Individual Deductible until the Family Deductible is met. Once an individual meets the Individual Deductible, Sharp Health Plan will pay for services for that individual in the family. Once the Family Deductible is met, Sharp Health Plan will pay for services for the entire family. All family members have met the Family Out-of-Pocket Maximum when the family's combined deductibles, copayments, and coinsurance equal the Family Out-of-Pocket Maximum.
11. Copayment depends on type and location of service.
